Added Protection for You and Your Family

Chances are you know someone who's been affected, directly or indirectly, by cancer. You also know the toll it's taken on them—physically, emotionally, and financially. That's why we've developed the Aflac Personal Cancer Indemnity insurance policy. The plan pays a cash benefit upon initial diagnosis of a covered cancer, with a variety of other benefits payable throughout cancer treatment. You can use these cash benefits to help pay out-of-pocket medical expenses, the rent or mortgage, groceries, or utility bills—the choice is yours.

And while you can't always predict the future, here at Aflac we believe it's good to be prepared. The Aflac Personal Cancer Indemnity plan is here to help you and your family better cope financially if a positive diagnosis of cancer ever occurs. That way you can worry less about what may be ahead.

The Personal Cancer Indemnity insurance policy has:

- No lifetime limit—policy won't terminate based on number or dollar amount of claims paid.
- No network restrictions—you choose your own medical treatment provider.
- No coordination of benefits—we pay regardless of any other insurance.

CANCER INDEMNITY INSURANCE

Policies A-75100-FL and A-75300-FL

PCI

This is a preventive benefit; a diagnosis of cancer is not required for this benefit to be payable.

CANCER SCREENING WELLNESS BENEFIT: Aflac will pay \$40 (A-75100-FL) or \$75 (A-75300-FL) per calendar year when a charge is incurred for one of the following: mammogram, breast ultrasound, Pap smear, ThinPrep, biopsy, flexible sigmoidoscopy, hemocult stool specimen, chest X-ray, CEA (blood test for colon cancer), CA 125 (blood test for ovarian cancer), PSA (blood test for prostate cancer), thermography, colonoscopy, or virtual colonoscopy. These tests must be performed to determine whether cancer exists in a covered person. This benefit is limited to one payment per calendar year, per covered person.

FIRST-OCCURRENCE BENEFIT: Aflac will pay \$1,500 (A-75100-FL) or \$5,000 (A-75300-FL) for the insured, \$1,500 (A-75100-FL) or \$5,000 (A-75300-FL) for the spouse, or \$2,250 (A-75100-FL) or \$7,500 (A-75300-FL) for children when a covered person is diagnosed with internal cancer. This benefit is payable only once for each covered person and will be paid in addition to any other benefit in the policy. Internal cancer includes melanomas classified as Clark's Level III and higher, or a Breslow level greater than 1.5 mm. In addition to the pathological or clinical diagnosis required by the policy, we may require additional information from the attending physician and hospital. Any covered person who has had a previous diagnosis of cancer will not be eligible for a First-Occurrence Benefit under the policy for a recurrence, extension, or metastatic spread of that same cancer.

HOSPITAL CONFINEMENT BENEFIT: Aflac will pay \$200 (A-75100-FL) or \$300 (A-75300-FL) per day when a covered person is confined to a hospital for treatment of cancer and is

charged for a room as an inpatient. *Benefits increase to \$400 (A-75100-FL) or \$600 (A-75300-FL) per day* beginning with the 31st day of continuous confinement.

A person confined to a U.S. government hospital does not need to be charged for the Hospital Confinement Benefit to be payable.

When cancer treatment is received in a U.S. government hospital, the remaining benefits (except the Cancer Screening Wellness Benefit) are not payable unless the covered person is actually charged and is legally required to pay for such services.

MEDICAL IMAGING BENEFIT: Aflac will pay \$100 (A-75100-FL) or \$200 (A-75300-FL) per calendar year when a charge is incurred for each covered person who receives an initial diagnosis or follow-up evaluation of internal cancer using one of the following medical imaging exams: CT scans, MRIs, bone scans, multiple gated acquisition (MUGA) scans, positron emission tomography (PET) scans, or transrectal ultrasounds. These exams must be performed in a hospital, an ambulatory surgical center, or a physician's office. This benefit is payable once per calendar year, per covered person.

Benefits will not be paid for each day of continuous infusion of medications dispensed by a pump or implant. No lifetime maximum. This benefit is not payable the same day the Radiation and Chemotherapy Benefit is paid.

This benefit is not payable the same day the Home Health Care Benefit is payable. Lifetime maximum of \$12,000 per covered person.

All of the following benefits are the same for A-75100-FL and A-75300-FL.

SKIN CANCER SURGERY BENEFIT: *Aflac will pay the indemnity (\$100 to \$600)* listed when a surgical operation is performed on a covered person for a diagnosed skin cancer and a charge is incurred for the specific procedure. The benefit listed in the policy includes anesthesia services.

No benefits will be payable for expenses incurred prior to the 30th day after the effective date shown in the Policy Schedule.

NATIONAL CANCER INSTITUTE (NCI) EVALUATION/CONSULTATION BENEFIT: *Aflac will pay \$500* when a covered person seeks evaluation or consultation at an NCI-designated cancer center as a result of receiving a prior diagnosis of internal cancer. The purpose of the evaluation/consultation must be to determine the appropriate course of cancer treatment. If the NCI-designated cancer center is more than 50 miles from the covered person's residence, Aflac will pay \$250 for the transportation and lodging of the covered person receiving the evaluation/consultation.

This benefit is also payable at the Aflac Cancer Center & Blood Disorders Service of Children's Healthcare of Atlanta. This benefit is not payable the same day the Second Surgical Opinion Benefit is payable. This benefit is payable only once under the policy per covered person.

The ambulance service must be performed by a licensed professional ambulance company. This benefit is limited to two trips per confinement.

BONE MARROW TRANSPLANTATION BENEFIT: *Aflac will pay \$10,000* when a covered person incurs a charge for a bone marrow transplantation for the treatment of cancer. This does not include the harvesting of peripheral blood cells or stem cells and subsequent reinfusion. *Aflac will pay the covered person's bone marrow donor the greater of \$1,000 or medical costs,* to the same extent and limitations as costs associated with the covered person for a covered bone marrow transplant. EXTENDED-CARE FACILITY BENEFIT: *Aflac will pay \$100 per day* when a charge is incurred if a covered person receives Hospital Confinement Benefits and, within 30 days

of hospital confinement, is confined to an extended-care facility, a skilled nursing facility, a rehabilitation unit or facility, a transitional care unit or any bed designated as a swing bed, or to a section of the hospital used as such. This benefit is limited to the same number of days that the covered person received Hospital Confinement Benefits. For each day this benefit is payable, Hospital Confinement Benefits are not payable. If more than 30 days separates a stay in an extended-care facility, benefits are not payable for the second confinement unless the covered person was again confined to a hospital prior to the second such confinement. Lifetime maximum of 365 days per covered person.

HOME HEALTH CARE BENEFIT: *Aflac will pay \$50 per day* when a charge is incurred for home health care or health supportive services when provided on a covered person's behalf within seven days of release from the hospital for the treatment of cancer. The attending physician must prescribe such services to be performed in the home of the covered person and certify that, if these services were not available, the covered person would have to be hospitalized to receive the necessary care, treatment, and services. These services must be performed by a person who is licensed, certified, or otherwise duly qualified to perform such services on the same basis as if the services had been performed in a health care facility. This benefit is not payable the same day the Hospice Benefit is payable. This benefit is limited to ten visits per hospitalization and 30 visits in any calendar year for each covered person.

The following benefits have no lifetime maximum: Hospital Confinement, Medical Imaging, Radiation and Chemotherapy, Experimental Treatment, Antinausea, Nursing Services, Surgical/Anesthesia, Outpatient Hospital Surgical, Skin Cancer Surgery, Reconstructive Surgery, In-Hospital Blood and Plasma, Outpatient Blood and Plasma, Second Surgical Opinion, Ambulance, Transportation, Lodging, Home Health Care, and Cancer Screening Wellness.

WAIVER OF PREMIUM BENEFIT: If you, due to having internal cancer, are completely unable to do all of the usual and customary duties of your occupation [or, if you are not employed: are completely unable to perform two or more of the activities of daily living (ADLs) without the assistance of another person] for a period of 90 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require an employer's statement (if applicable) and a physician's statement of your inability to perform said duties or activities, and may each month thereafter require a physician's statement that total inability continues. Aflac may ask for and use an independent consultant to determine whether you can perform an ADL without assistance.

Aflac will also waive, from month to month, any premiums falling due while you are receiving hospice benefits under the Hospice Benefit.

LIMITATIONS AND EXCLUSIONS

Aflac pays only for treatment of cancer, including direct extension, metastatic spread, or recurrence. Benefits are not provided for premalignant conditions; conditions with malignant potential; complications of cancer; or any other disease, sickness, or incapacity. Pathological proof of diagnosis must be submitted. Clinical diagnosis will be accepted when a pathological diagnosis cannot be made, provided medical evidence sustains the diagnosis and the covered person receives treatment for cancer.

The policy contains a 30-day waiting period. If a covered person has cancer diagnosed before coverage has been in force 30 days from the effective date of coverage shown in the Policy Schedule, benefits for treatment of that cancer will apply only to treatment occurring after two years from the effective date of the policy. Or, at your option, you may elect to void the policy from its beginning and receive a full refund of premium.

If skin cancer is diagnosed during hospitalization, benefits will be limited to the day(s) the covered person actually received treatment for skin cancer [such as a malignant tumor, ulcer, pimple, or mole that may arise on the surface of the body (skin) including melanomas classified as Clark's Levels I and II, or a Breslow level less than or equal to 1.5

mm]. No benefits will be payable for expenses incurred prior to the 30th day after the effective date shown in the Policy Schedule.

FIRST-OCCURRENCE BUILDING BENEFIT: This benefit can be purchased in units of \$100 each, up to a maximum of five units or \$500. All amounts cited in the rider are for one unit of coverage. The First-Occurrence Benefit will be increased by \$100 for each unit purchased on each rider anniversary date while the rider remains in force. \$250 per day

Benefits payable for the Daily Subacute Intensive Care Unit/ Hospital Intensive Care Unit Benefit (combination of 1 and 2) are limited to a total of 15 days per covered period of confinement. No lifetime maximum.

Note: Benefits payable under the Daily Hospital Intensive Care Unit Benefit or Daily Subacute Intensive Care Unit/ Hospital Intensive Care Unit Benefit are not payable on the same day.

If a covered person is charged for both on the same day, Aflac will pay only the highest eligible benefit. Confinements not separated by 30 days or more from a previously covered confinement are considered a continuation of the previous period of confinement.

HUMAN ORGAN TRANSPLANT BENEFIT

A benefit will be paid as a result of a human organ transplant procedure when a covered person is confined in a hospital and receives one or more of the following: kidney, liver, heart, heart-lung, lung, or pancreas transplant.

Transplant procedures involving more than one organ will be considered to be one organ transplant procedure. This benefit is not payable for transplants involving mechanical

or animal organs and is limited to one procedure per 180-day period. No lifetime maximum.

Up to \$2,000

This benefit is limited to two trips per confinement. The ambulance service must be performed by a licensed professional or licensed volunteer ambulance company. No lifetime maximum.

CONTINUATION OF COVERAGE BENEFIT

If you are paying your premiums through payroll deduction and you leave your employer for any reason after your policy has been in force for six months and Aflac has received premiums for six consecutive months, Aflac will waive all monthly premiums due for the policy and riders, if any, up to the date your premium payments are re-established. You or your employer must notify us in writing within 30 days of the date your premium payments cease due to your leaving employment. For you to take advantage of this benefit, you must re-establish premium payments within two months from the date you left the employer who was remitting your premiums. You can re-establish your premium payments through your new employer's payroll deduction process or direct payment to Aflac.

This benefit will again become available once you have re-established your premium payments through an employer's payroll deduction process for a period of six months and Aflac has received premiums for six consecutive months. Payroll deduction means your premium is remitted to Aflac for you by your employer through a payroll deduction process.

LIMITATIONS AND EXCLUSIONS

All benefits payable under the policy will be reduced by one-half for losses that start on or after the policy anniversary date following the 70th birthday of a covered person. Benefits are not payable for losses that begin before the policy effective date shown in the Policy Schedule. The policy will not cover any person who has attained age 65 prior to the effective date of the policy unless the policy is issued on a payroll deduction basis. If issued on a payroll deduction basis, the policy will not cover any person who has attained age 70 prior to the effective date of the policy.

No benefits will be payable for losses caused by or resulting from: intentionally self-inflicted bodily injury or attempted suicide; participation in or the attempt to participate in any illegal activity that is classified as a felony, whether charged or not (the term *felony* is as defined by the law of the jurisdiction in which the activity takes place); exposure to war or any act of war, declared or undeclared, or service in the armed forces; the treatment of mental or nervous disorder or disease; alcoholism or drug dependency; any loss sustained or contracted due to a covered person's being intoxicated or under the influence of alcohol, drugs or any narcotic unless administered on the advice of a physician and taken according to the physician's instructions (the term *intoxicated* refers to that condition as defined by the law of the jurisdiction in which the injury or cause of the loss occurred); confinement in units such as surgical recovery rooms, privately monitored rooms, observation units, labor or delivery rooms, or other facilities that do not meet the standards for a hospital intensive care unit or subacute intensive care unit (step-down unit). Newborn children will not be covered for routine nursing or routine well-baby care, but we will pay the policy benefits because of their sickness or injury, including congenital anomaly.

The term *hospital* is defined as a legally licensed hospital which is accredited by the Joint Commission on Accreditation of Hospitals, the American Osteopathic Association, or the Commission on the Accreditation of Rehabilitative Facilities. The term *hospital* includes ambulatory surgical centers. Provided that medical or rehabilitative treatment for the disease covered by the policy is actually being received by an insured, we will not deny any claim for payment when the treatment is provided in any hospital meeting the above definitions. No claim will be denied because such hospital lacks major surgical facilities and is primarily of a rehabilitative nature, if such rehabilitation is specifically for treatment of a physical disability.

The Daily Hospital Intensive Care Unit Benefit does not provide benefits for confinement in units such as surgical recovery rooms, progressive care, intermediate care, private monitored rooms, observation units, telemetry units; subacute intensive care units* (step-down units), or other facilities that do not meet the standards for a hospital intensive care unit.

A subacute intensive care unit (step-down unit) does not include an observation unit; a bed, ward, or semiprivate room with or without monitoring equipment; an emergency room; a surgical recovery room; or a labor or delivery room.

GUARANTEED-RENEWABLE FOR YOUR LIFETIME WITH BENEFITS REDUCED AT AGE 70

The policy is guaranteed-renewable for your lifetime with benefits reduced at age 70. It is subject to Aflac's right to change the applicable table of premium rates by class upon any renewal date.

COVERED PERSON

Any person insured under the coverage type you applied for: individual (named insured listed in the Policy Schedule), family (named insured, spouse, and dependent children). Newborn children are automatically insured from the moment of birth. The coverage under any family policy shall continue to include any dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated while covered and prior to age 26. Dependent children are your natural children, stepchildren, or legally adopted children who are under age 26. You must notify us, in writing, of the birth of a child within 60 days after the birth. If timely notice is given, we will not charge an additional premium for coverage of the newborn child for the duration of the notice period. If timely notice is not given, we will change the applicable additional premium from the date of birth. We will not deny coverage for a child due to your failure to notify us within the 60-day period.

EFFECTIVE DATE

The effective date of the policy is the date shown in the Policy Schedule, not the date the application is signed. The payroll rate may be retained after one month's premium payment on payroll deduction.

*Benefits for confinement in a subacute care facility are paid under the Daily Subacute Intensive Care Unit Benefit.

FOR EMPLOYEES OF THE STATE OF FLORIDA

Help Protect Your Family
From Out-of-Pocket Hospital
Facility Costs for:

- In-Hospital Confinement
- Out Patient Surgical Center

Capital Insurance
Agency, Inc.

This plan marketed & serviced by Capital Insurance Agency, Inc.

Please take a moment to read this brochure to help you determine if supplemental hospital coverage will give you and your family the coverage you need to help meet your out-of-pocket costs.

What is it?

Why do I need it?

Doesn't my medical plan cover all my expenses?

Supplemental Hospital coverage is additional coverage designed especially to help take care of some of the hospital facility costs that may not be covered by your primary plan.

Although it depends on your unique circumstances, there could be some amount of money that you are responsible for when you or someone in your family is hospitalized. These costs and obligations are called out-of-pocket costs. These charges can include hospital deductible, room and board, co-payments and any special fees.

All plans also include various levels of coverage for outpatient surgery at licensed Ambulatory Surgical Centers. The level of supplemental coverage is based upon the plan you select; it's your choice.

As an employee of the State of Florida, you can help protect your family against those extra out-of-pocket costs with Supplemental Hospital Expense Insurance from Cigna Health and Life Insurance Company (CHLIC).

Please remember, you do not have to have dependents to qualify for this additional coverage. If you are single, you may want to consider buying this insurance for yourself.

We offer you a choice of four different plans. Your primary health insurance coverage should be reviewed before considering whether or not to enroll in a Supplemental Hospital plan(s).

For example... If you have selected the State Employees' PPO Plan you may want to enroll in our **30/20 Plus** plan, **OR** our **Preferred Provider Plus** plan which are designed to help you with your network hospital admission deductibles and special in-hospital facility charges.

If you have elected a State HMO plan, you may want to choose one of the **365 Plus** plans which has been designed for use with the HMO or you can even use it with one of the other plans.

The benefits are paid directly to you or to the hospital; it's your choice.

OUTLINE OF COVERAGE

For policy Form Number 60065
365 Plus Hospital Confinement Indemnity Policy

The purpose of the Policy is to provide a fixed daily benefit while you or your dependents are confined as an inpatient. The benefits of this policy will be in addition to those you may receive from your group health plan or any individual health plan that you may have.

You are eligible for benefits with each hospital confinement due to sickness, injury or pregnancy (including complications of pregnancy), but only if the confinement has been recommended or approved by an attending physician and you or your dependents have not exhausted the benefits of the policy.

If you choose to purchase this policy, you may elect to have your eligible dependents insured under your policy. "Eligible dependents" means: (a) your spouse; and (b) your child from birth until his or her 19th birthday. It does not mean anyone who lives outside the United States or Canada.

The term "child" includes your adopted child, stepchild, foster child or other child in court-ordered temporary or other custody, or a child under legal guardianship, but only if this child depends on the insured for support and maintenance. A child who is 19 years old will be considered an eligible dependent until the end of the calendar year in which the child reaches age 25, if: (a) the child depends on the insured for support; and (b) the child lives in the insured's household or is a full-time or part-time student.

BENEFIT AMOUNTS

BENEFIT	AMOUNT WE PAY
FIXED DAILY BENEFIT (PER DAY OF CONFINEMENT)	
Option I	\$100
Option II	\$200
Option III	\$300

These benefits apply when you or your insured dependents are hospital-confined due to sickness, injury or certain complications of pregnancy. "Sickness" means illness or disease. With respect to you or your insured spouse, "sickness" also means pregnancy and resulting childbirth.

EXCLUSIONS AND LIMITATIONS

Benefits will not be paid for any hospital confinement when confinement is on account of or in connection with:

- Injury due to participation in a riot or insurrection;
- War or any act of war, if declared or not;
- The normal pregnancy of a dependent daughter;
- Routine care or treatment of an infant not due to the child's Sickness or Injury;
- Intentionally self-inflicted injury or attempted suicide, whether sane or insane.

Benefits will not be paid for confinement in a Hospital owned or operated by the United States Government or any of its agencies, subject to the right, if any, of the United States Government to recover reasonable and customary charges for inpatient care provided through a military or veteran's hospital.

Benefits in connection with Ambulatory Surgical Centers, Convalescent or Skilled Nursing Centers, or Home Health Care Services are covered only as outlined in the Schedule of Benefits.

Alcohol, drug and mental/nervous confinements are limited to 31 days per person per calendar year.

PREMIUM CHANGES

Cigna can make premium and benefit changes as claims experience dictates, but only if: (a) these changes are made to all policies of the same form issued to employees of the sponsoring employer; and (b) 45 days advance notice is given to the sponsoring employer.

TERMINATION

You may cancel your Policy during an open enrollment period or within 31 days of a qualifying event. Your Policy will terminate on the date you stop active work with the sponsoring employer. If your spouse is insured under the policy, his or her coverage will terminate on the date he or she becomes legally separated or divorced from you. If your children are insured under the policy, each child's coverage will terminate on the date he or she is no longer an eligible dependent. Coverage for all of your dependents will automatically terminate on the date your coverage terminates.

This Outline of Coverage is only a brief summary of the policy and is not the contract of insurance. The policy itself sets forth the rights and obligations of the insured and Cigna.

30/20 Plus

PEOPLE FIRST BENEFIT PLAN CODE 8110 | FRANCHISE SUPPLEMENTAL HOSPITAL INSURANCE POLICY

Designed for participants in the State Employees' PPO Plan, the 30/20 Plus plan will provide benefits paid directly to you or your hospital for a covered in-hospital confinement or surgery at licensed Ambulatory Surgical Centers.

OUTLINE OF COVERAGE

For Policy Form Number 60055

HOSPITAL CONFINEMENT INDEMNITY POLICY

The purpose of the Policy is to provide reimbursement for specified hospital expenses that are incurred while you or your dependents are confined as an inpatient. The benefits of this policy will be in addition to those you may receive from your group health plan or any individual health plan that you may have.

Since this is a franchise policy, no other insurance carrier may coordinate with the benefits that are payable under this policy. You are eligible for benefits with each hospital confinement due to sickness, injury, or pregnancy (including complications of pregnancy), but only if confinement has been recommended by an attending physician, and you or your dependents have not exhausted the benefits of the policy.

This Policy does not meet the minimum standards for Basic Hospital Expense Insurance. It is intended to be a supplement to any Basic Hospital Insurance or group coverage.

Supplemental Hospital coverage is additional coverage designed especially to help take care of some of the out-of-pocket hospital facility costs not covered by your primary plan.

BENEFIT AMOUNTS

BENEFIT	AMOUNT WE PAY
Daily room and board benefit	\$30
Additional intensive care unit benefit, if applicable	\$30
Maximum daily hospital benefit for one period of confinement applicable	\$3,600

INPATIENT HOSPITAL SPECIAL CHARGES BENEFIT

First \$250 of eligible hospital expenses per admission, incurred by individual or family member	100%
Next \$12,500	20%*

AMBULATORY SURGICAL CENTER BENEFIT

First \$12,500 of eligible expenses incurred by individual or family member.	20%*
--	------

**Benefits paid at 20% will be subject to a maximum payment of \$2,500 during one continuous period of inpatient confinement.*

"One continuous period of inpatient confinement" means all periods of confinement of an insured person as an inpatient or for outpatient surgery which arise out of sickness or injury due to the same or related causes and are not separated by at least three consecutive months.

EXCLUSIONS AND LIMITATIONS

Benefits will not be paid for any hospital confinement when confinement is on account of or in connection with:

- Injury due to participation in a riot or insurrection;
- War or any act of war, if declared or not;
- The Normal Pregnancy of a dependent daughter;
- Routine care or treatment of an infant not due to the child's Sickness or Injury.

Benefits will not be paid for confinement in a hospital owned or operated by the United States Government or any of its agencies, subject to the right, if any, of the United States Government to recover reasonable and customary charges for inpatient care provided through a military or veteran's hospital.

PREMIUM CHANGES

Cigna can make premium and benefit changes as claims experience dictates, but only if: (a) these changes are made to all policies issued to employees within your Agency or Department; and (b) 45 days advance notice is given to the sponsoring employer.

TERMINATION

You may cancel your Policy during any open enrollment. Your Policy will terminate on the earliest of: (a) the date you stop active work with the sponsoring employer; or (b) the effective date of your Medicare coverage; or (c) the date you reach age 70. If your spouse is insured under the policy, his or her coverage will terminate on the earliest of: (a) the effective date of his or her Medicare coverage; (b) the date he or she reaches age 70; or (c) the date he or she becomes legally separated or divorced from you. If your children are insured under the policy, each child's coverage will terminate on the date he or she is no longer an eligible dependent. Coverage for all of your dependents will automatically terminate on the date your coverage terminates.

If coverage for any person terminates for any reason other than non-payment of premium, and termination occurs prior to attainment of age 65 or eligibility for Medicare, the conversion privilege in your policy would give that person the right to obtain an individual policy similar to the terminated policy.

The Outline of Coverage is only a brief summary of the Policy and is not the Contract of Insurance. The Policy itself sets forth the rights and obligations of the Insured and Cigna.

SCHEDULE OF BENEFITS

PAYS \$250 PER ADMISSION

Cigna can make premium and benefit changes as claims experience dictates, but only if: (a) these changes are made to all policies issued to employees within your Agency or Department; and (b) 45 days advance notice is given to the sponsoring employer.

TERMINATION

You may cancel your Policy during an open enrollment period or within 31 days of a qualifying event. Your Policy will terminate on the date you stop active work with the sponsoring employer. If your spouse is insured under the policy, his or her coverage will terminate on the date he or she becomes legally separated or divorced from you. If your children are insured under the policy, each child's coverage will terminate on the date he or she is no longer an eligible dependent. Coverage for all of your dependents will automatically terminate on the date your coverage terminates.

This Outline of Coverage is only a brief summary of the policy and is not the contract of insurance. The policy itself sets forth the rights and obligations of the insured and Cigna.

Questions & Answers

Plans Underwritten by Cigna Health and Life Insurance Company (CHLIC)

Below are general, commonly asked questions and answers which apply to all four of the hospital supplemental plans.

May I enroll in more than one plan?

Yes. See *What Are My Options* on page 4.

Who is eligible for the plans?

30/20 Plus or PPP: All active full-time and part-time employees under age 70 and their eligible dependents.

S.I.S. or 365 Plus: All active full-time and part-time employees and their eligible dependents.

Who are eligible dependents?

Eligible dependents include the employee's spouse* and all dependent children. Includes dependent children through the calendar year in which they turn 26, (a) if they are legal dependents, (b) depend on you for support and maintenance, and (c) live in your household or are a full-time or part-time student. (Please refer to the policy for a full definition of eligible dependents and the age extension guidelines for an Insured child who has a physical handicap or mental retardation.)

*30/20 – PPP: Spouse to age 70

*365+ – SIS: No age restriction for spouse

Will my coverage continue if I'm still working at age 70?

If you are an active Employee of the State and have the **30/20** or **PPP Plan**, coverage will terminate at the end of the year you turn age 70. If your spouse is also on your Plan his/her coverage will terminate the earlier of: a) the end of the year he/she turns age 70 or b) when your coverage terminates.

The **SIS** and **365+ Plans** do not have an age limit for active Employees.

Are benefits provided for services performed in ambulatory or outpatient surgical centers?

Yes. The covered facility charges for outpatient surgery in a licensed ambulatory or outpatient surgical center will be covered up to the Plan limits as long as it is a procedure which would be covered if performed in a hospital.

Can the benefit be paid directly to me or does it have to be paid to the hospital?

You can choose whether to have the benefits paid directly to you or to the hospital.

Could you give me an example of how the 30/20 Plus Plan PAYS?

Yes. Assume an insured person is confined in a hospital for 5 nights. In addition to the daily room and board charges, assume the hospital makes a charge of \$9,250 for specified "special charges."

Amount Paid By 30/20 Plus Plan

First \$250 of specified "special charges" Paid at 100%	\$250
Balance of specified "special charges" Paid at 20% (20% X \$9,000):	\$1,800
5 nights of hospital confinement times \$30 per night:	\$150
Total payment from 30/20 Plus Plan:	\$2,200

The \$2,200 payment paid in this example is in addition to any other benefits you receive from any group or individual hospitalization plan.

Are pre-existing conditions covered?

Yes. Pre-existing conditions ARE COVERED on the effective date of the plan.

Will my plans pay if I am confined in a hospital because of a worker's compensation injury?

The State Insurance Supplement Plan does not. The Preferred Provider Plus, 30/20 Plus Plan and the 365 Plus Plan will pay up to the limits of the plan selected.

Will the plans pay if I am hospitalized in an observation room?

Only if billed in an observation room for longer than 24 hours.

Will my physician's charges for inpatient professional services be covered?

No. Doctor charges and professional fees are NOT covered. Only allowable facility or supply charges for inpatient hospital stays and ambulatory surgical centers are covered up to the Plan limits.

I have other group or individual hospitalization insurance. Will these plans pay in addition to any other benefits I may receive?

Yes. If you have a claim, inform your other health insurance companies that these are "Franchise Plans". Therefore, Coordination of Benefits is NOT ALLOWED and benefits from other policies should not be reduced.

We've Got You Covered

No one can predict when

you or one of your family members may need to be hospitalized. When it happens, the financial effects of even a short hospital stay can be costly. Medical bills and other out-of-pocket expenses not covered by your primary health insurance can burden your family's budget for months or even years.

As an employee of the State of Florida, you can help protect you and your family against those extra hospital facility expenses with Supplemental Hospital Expense Insurance from Cigna.

Healthy Gums May Lead to a Healthier You!

DID YOU KNOW THAT YOUR ORAL HEALTH COULD BE AN INDICATOR OF YOUR OVERALL HEALTH?

Regular visits to the dentist may do more than brighten your smile. Research has linked periodontal (gum) disease to complications for heart disease, stroke, diabetes, preterm birth and other health issues. Healthy gums support healthy teeth. Follow the suggestions provided to help prevent gum disease. And if you are diagnosed with gum disease, it's important to complete the periodontal treatment plan recommended by your dentist.

Healthy Gums May Mean a Healthier Heart

People with advanced gum disease may be more likely to have heart disease than those with healthy gums¹. Bacteria and their byproducts from the gum tissues may enter the blood stream, causing small blood clots that may contribute to the clogging of arteries². Clots in the coronary arteries can lead to heart attacks. A blood clot in the brain can cause a stroke. Bottom line: care for your gums, and they may help guard your heart!

Healthy Gums May Help Control Blood Sugar

Those with diabetes may have more complications with gum disease. Why? As a general rule, diabetics have a tougher time healing. And research shows they suffer greater tooth loss than patients without diabetes. One study³ found that when diabetic patients' gum infections were treated, they found it easier to manage their blood sugar. Good dental health may be linked to a reduced risk of diabetic complications!

Gum disease may be painless, but symptoms can appear, such as:

- Tender, swollen or bleeding gums when you brush your teeth
- Dark red or receding gums
- Bad breath or a bad taste in your mouth
- Loose teeth
- Gum disease is treatable. Be sure to visit your dentist on a regular basis.

Healthy Gums May Help Reduce the Risk of Pre-term Birth

Mom's gum disease may increase the probability of a pre-term birth. Pregnant women with chronic periodontal (gum) disease during the second trimester are up to seven times more likely to give birth prematurely.^{3,4} It's recommended that pregnant women should focus on brushing and flossing and getting regular dental check ups. This possible link between gum disease and preterm birth is another reason to protect your dental health!

PREVENTION IS POWERFUL!

The American Dental Association (ADA) suggests the following behaviors to help prevent gum disease⁵.

- Brush your teeth twice a day with a soft-bristle toothbrush
- Floss daily
- Eat a healthy diet and limit snacks between meals
- See your dentist regularly

We Give You More Reasons to Smile!

Cigna Dental makes it easier for children under seven to seek dental care.

Another benefit enhancement to the ***Prepaid Plan - Pediatric Dentist Simplification Plan**

- You can now select a participating pediatric dentist as a primary care dentist for your dependent child(ren) under age seven. You can locate a participating pediatric dentist by visiting www.cigna.com, www.mycigna.com or by calling the number on your ID card and speaking with a representative.
- Because of this benefit enhancement, you no longer need a referral for your dependent child(ren) to receive dental care from a network pediatric dentist. In addition, preauthorization is not required.
- If your network general dentist refers your dependent child(ren) under age seven to a network pediatric dentist, your child(ren) will be automatically transferred to the pediatric dentist as his/her primary care dentist.
- If a network pediatric dentist is not available in your area, you must contact Cigna Dental prior to starting a new treatment plan. We will advise you if a network pediatric dentist has been added to your area because coverage will then be available from the network pediatric dentist.
- You have the option to transfer back to any network general dentist or you may select another network pediatric dentist.
- The pediatric dentist can provide dental examination and treatment without sending the treatment plan to Cigna Dental for prior payment authorization.
- As always, your standard co-payment will apply for each visit your dependent child(ren) will make to a pediatric dentist.
- Review your Patient Charge Schedule carefully so you will know what procedures are covered and what your financial responsibilities are.
- Once your dependent child(ren) reaches their seventh birthday, they will be transferred to your participating network general dentist.

Cigna Dental Care - Limitations on covered services

Listed below are limitations on services covered by the Dental Plan:

Frequency — The frequency of certain covered services, such as cleanings, is limited. The Patient Charge Schedule lists any limitations on frequency.

Specialty Care — Payment authorization is required for coverage of services by a Network Specialist.

Pediatric Dentistry — Coverage to a Pediatric Dentist ends on an enrolled child's 7th birthday; however, exceptions for medical reasons may be considered on an individual basis. The Network General Dentist shall provide care after the child's 7th birthday.

Oral Surgery — The surgical removal of an impacted wisdom tooth is not covered if the tooth is not diseased or if the removal is only for orthodontic reasons.

Exclusions - Cigna Dental Care

Listed below are the services or expenses which are NOT covered under the Dental Plan and which are the Covered Person's responsibility at the dentist's Usual Fees. There is no coverage for:

- Services not listed on the Patient Charge Schedule.
- Services provided by a non-Network Dentist without Cigna Dental Health's prior approval (except emergencies as described in Plan Documents).
- Services related to an injury or illness covered under workers' compensation, occupational disease or similar laws. (FL — This exclusion relates to such services paid under Workers' Compensation, occupational disease or similar laws.)
- Services provided or paid by or through a federal or state governmental agency or authority, political subdivision or a public program other than Medicaid.
- Services relating to injuries which are intentionally self-inflicted.
- Services required while serving in the armed forces of any country or international authority or relating to a declared or undeclared war or acts of war.
- Cosmetic dentistry or cosmetic dental surgery (dentistry or dental surgery performed solely to improve appearance).
- General anesthesia, sedation and nitrous oxide, unless specifically listed on your dental fee overview.
- Prescription drugs.
- Procedures, appliances or restorations if the main purpose is to: (1) change vertical dimension (degree of separation of the jaw when teeth are in contact) or (2) diagnose or treat abnormal conditions of the temporomandibular joint, except as specifically listed on the Patient Charge Schedule.
- The completion of crown and bridge, dentures or root canal treatment already in progress on the date Covered Person becomes covered by the Dental Plan.
- Replacement of fixed and/or removable prosthodontic appliances that have been lost; stolen; or damaged due to patient abuse, misuse or neglect.
- Services associated with the placement or prosthodontic restoration of a dental implant.
- Services considered to be unnecessary or experimental in nature.
- Procedures or appliances for minor tooth guidance or to control harmful habits.
- Hospitalization, including any associated incremental charges for dental services performed in a hospital.
- Services to the extent the Covered Person is compensated for them under any group medical plan, no-fault auto insurance policy, or insured motorist policy.
- Crowns and bridges used solely for splinting.
- Resin bonded retainers and associated pontics.

Frequently Asked Questions

What if I need to see a specialist?

If you require specialty care, your network general dentist will refer you to a network specialist. You do not require a specialty referral to visit a network orthodontist or network pediatric dentist. You are responsible for paying the network dentist/specialist the applicable co-payments listed on your Patient Charge Schedule (PCS).

Are braces covered?

Yes, both for children and adults. For orthodontic treatment started before you joined the Cigna Dental Care plan, call Customer Service to determine if any benefit is available.

How do I choose a dentist?

There are over 3,577 general dentists in Florida who serve State employees. More than 73% of you will have access to two or more dental offices within ten miles of your home. Select your dentist by visiting www.cigna.com. For your convenience, we encourage members to register at www.mycigna.com. The automated Dental Office Locator always gives you the most up-to-date network information, available 24 hours a day. Customer Service and the Dental Office Locator are available at 1.800.CIGNA24.

Can I change dentists?

Yes! Just call 1.800.CIGNA24 and use the Quick Transfer automated service available 24 hours a day or speak with a representative during business hours. The change will take effect on the first day of the following month. Transfers take approximately five days to process.

Can family members use different dentists?

Yes! Covered family members can select their own network dentists.

How much will I pay for covered services?

When there is a charge, your Patient Charge Schedule in your post-enrollment kit will tell you what the charge will be for covered procedures. Cigna Dental Care members know exact amounts, not just a percentage of what the dentist would usually charge, so they are able to budget accordingly.

What about pre-existing conditions?

Treatment in progress prior to the effective date of coverage is not covered.

Do I have to select a Network General Dentist?

As a Prepaid member, you are required to select and visit a network general dentist (provider) for all your dental care needs.

What happens if I do not select a dentist from the Cigna Prepaid Network?

If you receive covered service from a dentist who does not participate in the Prepaid network, your benefits may be significantly reduced or the services received may not be covered at all. At the time of enrollment in the Prepaid plan, you are required to select a network general dentist. If the dentist you choose is not available, then Cigna Dental will select one for you.

A dental plan that will make you smile

How do the plans work?

PPO dental plans are built with whole-person health in mind. These are more traditional dental insurance plans and feature key benefits for both healthy smiles and bodies along with convenient ways to get care. To get the most out of your plan, visit one of our in-network PPO dentists. This will ensure you get our best pricing for dental care services.

Prepaid covers preventive care and other dental procedures as listed when you're treated by your selected primary care dentist. If your dentist decides you need more specialized treatment, you'll be referred to a participating specialist. With the Prepaid plan, the participating specialist's fees may be discounted at 25%. General dentistry and specialty services are available only in areas where Humana has a participating general dentist and/or specialist.

Schedule B indemnity covers preventive care and other dental procedures as listed when you're treated by any dentist you choose. You'll be responsible for expenses not reimbursed by the plan and there are benefit maximums.

Do I have to file a claim form?

PPO: No, all claims will be coordinated by your dentist. You're only responsible for the deductible and coinsurance listed on the benefits schedule.

Prepaid: No, all treatment will be coordinated by your primary care dentist. You're only responsible for the copayment listed on the benefits schedule.

Schedule B indemnity: Yes, you must submit a claim form to be reimbursed for your dental expenses.

Submit claim forms to: Humana P.O. Box 14284, Lexington, KY 40512-4284

Predetermination: If covered dental expenses for a procedure are expected to be more than \$200, it's recommended that you send a dental treatment plan before beginning treatment. You and/or your dentist will be notified of the benefits payable based on the dental treatment plan.

How do I know which dentist to see?

PPO: To find an in-network dentist visit MyHumana or [HumanaDental.com/custom/fl/](https://www.humana.com/custom/fl/).

Prepaid: For participating dentist information, visit [HumanaDental.com/custom/fl/](https://www.humana.com/custom/fl/). Once you enroll in your plan, you'll need to select a primary care general dentist by registering at www.mycompbenefits.com.

Schedule B indemnity: You can see any dentist.

Does everyone in my family need to use the same dentist?

No, each family member can have a different dentist. For instance, a spouse might choose to visit a dentist close to a workplace, a dependent college student living away from home might pick a dentist near school, and parents might choose to send their children to pediatric dentists (specialist) who are more comfortable treating young children.

What should I do if I have a question or concern?

Visit our website at [HumanaDental.com/custom/fl/](https://www.humana.com/custom/fl/) or contact Humana by calling **866-879-3630 (TTY: 711)**, Monday – Friday, 8 a.m. – 6 p.m., Eastern time.

If a member visits a participating network dentist, the member will not receive a bill for charges more than the negotiated fee for covered services. If a member sees an out-of-network dentist, coinsurance will apply to the out of network fee schedule of one or more network providers in your geographic area. Out-of-network dentists may bill you for charges above the amount covered by your dental plan.

Get access to virtual dental care 24/7 with Teledentix

When it's urgent, you can see a dentist virtually

Humana members have access to \$0 teledentistry, also known as virtual dental care, with Teledentix, as part of their Humana Dental plan. Teledentistry services allow you to see a dentist within minutes from your computer, smartphone or tablet.

If you're in pain or cannot visit a dentist's office, virtual dental care may be an option rather than a visit to the emergency room.

How you can use teledentistry

Typically, when you have a teledentistry visit, you will speak with a dental provider through an online video chat or a phone call. You can get access to care from the comfort of your home for a variety of dental needs. Teledentix dentists can:

-  **Write prescriptions for antibiotics or pain medications when needed** *(Please note, the cost of medications are not covered by your dental plan.)*
-  **Perform a visual exam for things like mouth, tooth or jaw pain**
-  **Provide instructions on caring for mouth, tooth or jaw pain**
-  **Help members determine if they need urgent/emergency care or home care until they can see their dentist**
-  **Help members find a dentist if they don't have one or if requested**

Tips to prepare for your Teledentix virtual dental visit

- 1** Register on the Teledentix app, or from your computer at Humana.teledentix.com/c/humanaondemand.
- 2** Fill out any required patient forms before your appointment.
- 3** Make a list of any symptoms, questions or concerns in advance, so you'll be ready to discuss them with your provider.
- 4** Share any prescriptions, over-the-counter medicines or supplements you're currently taking with your provider. If you have a preferred pharmacy, have the name and address handy in case your provider suggests prescription medication.

Vision Care Plan

Humana®

We make it easy for you

Humana Vision VCP options have you covered and can make eye care more affordable. Select a plan that covers an eye exam, eyeglasses or contact lenses.

At home or on the road, you'll find a provider with convenient hours and locations. With Humana Vision, you can:

- Call the Customer Care center seven days a week at **1-800-939-5369**, 7:30 a.m. – 11 p.m. Eastern time, Monday – Saturday, and 11 a.m. – 8 p.m. Sunday, Eastern time
- View benefits, check eligibility and use other automated services at **HumanaVisionCare.com/custom/fl**
- Locate providers through **HumanaVisionCare.com/custom/fl**, Customer Care or our automated information line

National network provides real savings

You have access to one of the largest vision networks in the United States, with more than 108,000 access points with independent optometrists and ophthalmologists and national retail locations—and every one accepts new patients. You will be able to use your benefits at some of the top names in eye care, including LensCrafters®, Pearle Vision® and Target Optical® in addition to the many independent optometrists and ophthalmologists. Plus, you save on frames. You pay the wholesale price, avoiding high retail markups. And the cost of frames is the same at any provider location.

A vision plan is one of the top five most desired benefits, after medical insurance, by employees.¹

Vision health impacts overall health

Eye health exams are an important part of routine preventive healthcare. Because many eye and vision conditions have no obvious symptoms, you may be unaware of problems. Early diagnosis and treatment are important for maintaining good vision and preventing permanent vision loss.¹

Vision care is essential to maintaining a healthy lifestyle. Eye exams can detect symptoms of diseases such as diabetes, hypertension, multiple sclerosis, brain tumors, osteoporosis and rheumatoid arthritis.²

Exceptional service

You expect exceptional service, and we deliver. You can talk to a Customer Care specialist Monday – Saturday, 7:30 a.m. – 11 p.m., and Sunday, 11 a.m. – 8 p.m., Eastern time. Our specialists resolve more than 95% of member inquiries during the first call.

How the Vision Care Plan works

1. After signing up for the Vision Care Plan, you'll receive an ID card in the mail.
2. Prior to scheduling your appointment, select a participating provider through the Customer Care center, automated information line or [HumanaVisionCare.com/custom/fl](https://www.humana.com/visioncare/custom/fl).
3. Schedule an appointment, providing your name, patient's name and employer.
4. Sign your provider's Vision Care Plan form after your exam. You'll pay any copays and/or costs of any upgrades at that time.

Affordable frames

Benefits include a wholesale frame allowance. If the wholesale cost exceeds the frame allowance, employees pay twice the wholesale difference. They never pay full retail.

Retail price*	Wholesale price	Wholesale allowance	Member cost	Savings
\$150–\$225	\$75	\$75	\$0	\$150–\$225
\$200–\$300	\$100	\$75	\$50 (\$100–\$75=\$25x2=\$50)	\$150–\$250

*Retail costs may differ and are based on two to three times the wholesale cost. Actual savings may vary.

Additional plan discounts through participating providers

- Members receive additional fixed copayments on lens options including progressive lens and polarized styles.

- After copay, standard polycarbonate available at no charge for dependents younger than 19 years old.
- Members' \$25 scratch-resistant lens allowance covers factory and premium scratch-resistant coatings at no additional payment.
- Members' \$50 anti-reflective lens allowance covers standard and premium anti-reflective (AR) coating products at no additional payment.

Humana Vision Lasik discount

We have contracted with many well-known facilities and eye doctors to offer Lasik procedures at substantially reduced fees. You can take advantage of these low fees when procedures are done by network providers. Participants receive a 25% discount off the usual and customary price or 5% off advertised promotions or specials for Lasik services provided by in-network providers, whichever discount is greater. The discount includes consultations, laser procedure, follow-up visits and any additional necessary corrective procedures.

¹Material copay is required for a complete pair of eyeglasses, lenses or frames.

²If a member prefers contact lenses, the plan provides an allowance for contacts in lieu of all other benefits (including frames).

³The contact lens allowance applies to professional services (evaluation and fitting fee) and materials. Members may be eligible to receive up to a 15% discount on participating provider professional services. The discount for professional services is available for 12 months after the covered eye exam.

⁴Benefit provides coverage for professional services and one pair of medically necessary contact lenses with prior plan authorization.

Limitations and exclusions

The Vision Care Plan provides a complete analysis of the eyes and related structures to determine vision problems or other abnormalities once every 12 months. The plan covers any lenses needed for the patient’s visual welfare as determined by the network doctor. Certain lenses such as those described in the “Limitations” are cosmetic in nature and are not necessary for the visual welfare of the patient. The extra cost of these must be borne by the patient. The plan offers a wide selection of frames every 24 months. The plan covers contact lenses every 12 months. The contact lens allowance replaces the lens and frame benefits, and plan copayments do not apply for the contact lens allowance.

Limitations

In no event will coverage exceed the lesser of:

1. The actual cost of covered services or materials
2. The limits of the policy, shown in the Schedule of Benefits or
3. The allowance as shown in the Schedule of Benefits. Materials covered by the policy that are lost or broken will only be replaced at normal intervals as provided for in the Schedule of Benefits.

We will pay only for the basic cost for lenses and frames covered by the policy. The insured is responsible for extras selected, including but not limited to:

1. Blended lenses
2. Progressive multifocal lenses
3. Photochromatic lenses; tinted lenses, sunglasses, prescription and plano

4. Coating of lens or lenses
5. Laminating of lens or lenses
6. Groove, drill or notch, and roll and polish; unless otherwise specifically listed as a covered benefit in the Schedule of Benefits

Exclusions

We will not cover:

1. Orthopic or vision training and any associated supplemental testing
2. Two pair of glasses, in lieu of bifocals, trifocals or progressives
3. Medical or surgical treatment of the eyes
4. Any services and/or materials required by an employer as a condition of employment
5. Any injury or illness covered under any workers’ compensation or similar law
6. Sub-normal vision aids, aniseikonic lenses or nonprescription lenses
7. Charges incurred after: (a) the policy ends; or (b) the insured’s coverage under the policy ends, except as stated in the policy
