

It's your money, keep more of it.

Are you paying too much for auto insurance year after year? Other State of Florida employees found they were paying more than necessary.

Here are 4 ways you could save money with the Auto Insurance Program:¹

1. An Employee Discount Could Save You Hundreds²

You could be eligible for a discount of up to 15%. Call today to find out how much you could save.

2. Call, Compare, Decide and See If You Can Save

With one quick call, you can receive quotes from up to 2 of America's top insurance companies. Then compare your current premiums with side-by-side prices, determine the best value, then save money by switching—all on the same phone call.

3. Receive a Multi-Policy Discount

A potential source of savings comes from insuring your auto with the same company—or from insuring more than one policy. When you contact the Auto Insurance Program, you will find out if a multi-policy discount or multi-car savings are available.

4. Save on Other Coverages

Protect more than just your auto. Take advantage of money-saving employee discounts to cut your insurance bills for almost anything you own, including boat, RV, and motorcycle.

Even if you have recently comparison-shopped your insurance or renewed your current coverage, you should still take a few minutes to compare your current premiums with those offered through the Auto Insurance Program.
